BASSBALLS

TWIN DYNAMIC FILTERS FOR BASS GUITAR

- DESCRIPTION -

The Electro Harmonix **Bassballs** is the first and only envelope follower of its kind. The vocal sound of its two sweeping filters gives bass a strong presence under leads, or a commanding quality when out front. The resonant frequencies are engineered solidly into the full range of the bass guitar's strongest harmonics. **Bassballs** will respond to every bass note. The sweep is widely variable, and harmonic enrichment is available with the Fuzz option.

- OPERATING INSTRUCTIONS -

Connect your instrument and amp to the appropriate jacks on **Bassballs**. Inserting a guitar cable into the INPUT jack engages the battery supplied. For longer battery life, a 9 volt AC adaptor can be inserted in the 1/8" (tip positive) AC jack. The FOOTSWITCH selects your original signal or the filtered signal as the **Bassballs** output.

The range of the filters, upward sweep in pitch is set by the interaction of instrument volume and the SENSITIVITY control. Both stronger attacks and higher (clockwise) control settings increase the sweep range. Low volume and low SENSITIVITY settings will create little or no sweep, and **Bassballs** will only provide a small boost in its lowest frequencies.

In its upward position, the FUZZ switch introduces additional harmonic enrichment which accentuates the filters, action. The SENSITIVITY "pot" also serves as a volume control for the FUZZ, also increasing in the clockwise direction.

- WARRANTY INFORMATION -

Please complete and return the enclosed warranty card within 10 days of purchase. We will repair the unit for free within one year of date of purchase. If you should need to return your unit for service within the warranty period, please include a brief description of the problem as well as your name, address, telephone number, copy of your receipt, and a check or money order for \$5.00 shipping and handling to:

Electro-Harmonix
C/O New Sensor Corporation
32-33 47th Avenue
Long Island City, NY 11101
Att: Service Department

Please make checks/money orders payable to New Sensor Corporation.
